

Anesh

Indira Gandhi Centre for Atomic Research, Kalpakkam

Tel.: +91 77420-34507 Email: anesh@igcar.gov.in Web: <https://aneshigcar.github.io/>

Personal Details

Date of birth: May 2, 2002

Nationality: Indian

Research Interests

I am a condensed matter theorist with strong interests in both theoretical and experimental aspects of materials science. My research primarily focuses on computational many-body physics, including density functional theory (DFT), Monte Carlo (MC), and Molecular dynamics (MD) simulations. I work on investigating the electronic, optical, and mechanical properties of materials, particularly thin-film systems, and aim to establish connections between theoretical predictions and experimental verification.

Employment

2025–Present

Scientific Officer -C

Indira Gandhi Centre for Atomic Research, kalpakkam, Chennai, India

2024–2025

Training Scientific Officer

Bhabha Atomic Research Centre, Mumbai, India

Education

2024–2025

Training Scientific Officer

Bhabha Atomic Research Centre, Mumbai, India

Mini-project: *Rashba Spin Orbit Coupling*

2024–2024

PhD in Physics (left In-between)

International Centre for Theoretical Sciences, Bengaluru, India

Mentor: Dr. Subhro Bhattacharjee

2018–2023

Five-year BS–MS dual degree in Physics (CGPA: 8.5/10)

National Institute of Technology, Rourkela, India

MS Thesis: *Non-Hermitian Quantum Mechanics*

Numerical Skills

Python, VASP, Quantum Espresso, C.

Fellowships & Awards

- 2024: INSPIRE scholarship awarded by DST, Government of India (declined)
- 2024: Branch Topper Medalist, NIT Rourkela
- 2017: INSPIRE scholarship awarded by DST, Government of India (declined)

Leadership

- Coodinator, *Innovision, cosmopolitan* (Annual Tech and cultural fest organized by NIT, Rourkela), 2018–2022.
